## NEWPORT INTERNATIONAL UNIVERSITY

### PRESENTATION

Newport International University is a private institution of higher learning offering courses of instruction leading to Associate, Bachelor's, Master's and Doctoral degrees.

The educational process is, by necessity, in a continual state of change. Therefore, this course offerings catalog should be considered informational and not binding on the University. Changes in some programs and institutional policy may occur after the publication of this catalog. The program brochures and subsequent errata sheets are the final authority in regard to course offerings and revisions of regulations and requirements.

It is the student's responsibility to determine whether credits, degrees, or certificates from the institution will transfer to other institutions or meet employers' training requirements.

Newport International University admits students of any race, color, nationality or ethnic origin or handicapping condition to all the rights and privileges and activities accorded or made available to students at the University. Newport International University does not discriminate on the basis of sex, race, color, nationality or ethnic origin in administration of its educational policies, admissions policies or any other University administered program.

Each Study Center that comprises the network that forms Newport International University is required to meet the standards of their respective governmental agencies in meeting all laws, regulations, and requirements.

Applicants and students with questions regarding quality assurance, approvals, and accreditation are to direct these questions to the area Study Center.

NEWPORT INTERNATIONAL UNIVERSITY IS LICENSED BY THE WYOMING DEPARTMENT OF EDUCATION TO OPERATE AND GRANT DEGREES UNDER W.S. 21-2-401 THROUGH 21-2-407

Newport International University  
410 Grand Avenue, Suite 103  
Laramie, Wyoming  
USA

### MISSION

Newport International University is a global system of Study Centers for the delivery of quality academic programs throughout the world. Combining formal classroom instruction with independent study and technically delivered courses, NIU's goal is to provide an opportunity to deliver an American degree program to students who otherwise could not attend colleges or universities in the United States.

The American designed curriculum, supported by a world based faculty, permits students to actively engage in educational dialogue. Further, this allows students to explore a selected grouping of studies that prepares them for a dynamic and changing environment.

By breaking down geographical barriers that could otherwise hinder the pursuit of an academic goal, Newport International University, contributes to a society that is becoming more and more dependent upon cultural understanding. The University has study centers where services can be provided on the same basis as traditional institutions. Highly trained and skilled support staff supplements that academic training.

It is the ultimate goal of the University to add understanding and meaning to global education.

### HISTORY

Newport International University began as a part of Newport University, which was founded in 1976 in California. In 2001, Newport International University became a separate independent institution.

In keeping with this original purpose, NIU fosters an interest in global learning and has affiliations with leading Study Centers throughout the world in delivering an American curriculum to interested students.

NIU prides itself in delivering professional education studies that meets the standards of every country in which it is presented.

### LIFE EXPERIENCE

At Newport International University, we believe that credit should be given for learning that occurs outside of

the classroom. By building upon previous work and life experience, credits can be earned toward a degree. Evaluation of past accomplishments and competencies, as they relate to the degree goal, will be done on an individual basis by duly qualified staff. Prior work and Life Experience (Experiential Learning) can only be given at the undergraduate level.

## SCHOOL OF BUSINESS ADMINISTRATION

### DEGREES OFFERED:

- Bachelor of Business Administration
- Master of Business Administration
- Doctor of Business Administration
- Optional Doctor of Philosophy in Business Administration

### THE PROGRAM:

The primary goal of the School of Business Administration is to prepare graduates to succeed in the current global business environment. The programs are geared to the mid-career adults who wish to expand their knowledge and advance professionally by earning meaningful academic credentials within a real-world context. Whether an individual's interest is in general business and management or tuned to specific highly specialized areas, the University offers programs to satisfy today's business student's needs using an educational approach which stresses both cognitive development and skill acquisition. Our faculty members are both academically and professionally qualified to assist students in learning to apply their new knowledge to contemporary business issues.

The objective of the program leading to the **Bachelor of Business Administration** degree (**BBA**) is to provide the student with a solid and well-rounded education in Business. A basic core curriculum provides a foundation in accounting, management, marketing and economics. This core is augmented by electives, to meet individual goals and career objectives. The program concludes with the student submitting a paper presenting the results of research and analysis of a business problem. The basic philosophy of this program is that the student is a mature, conscientious, and responsible individual who is sincere in his desire for education. Since this person already had knowledge based on experience and/or study, it is possible for NEWPORT INTERNATIONAL UNIVERSITY to recognize this by granting appropriate credit toward the degree.

The objective of the **Master's program (MBA)** is to enable the student to continue his studies and achieve additional competence and specialization in an area of business. The student will complete a core curriculum and augment this with an appropriate number of electives. The philosophy underlying this program and its administration is that the student is conscientious about continuing his studies and has also acquired additional business experience. To satisfy those students with specialized areas

of interest, the University currently offers Executive MBA programs with concentrations in:

- (1) Total Quality Management.
- (2) Environmental Management.
- (3) International Trade and Commerce.

Executive MBA programs are designed for those who are already in the business graduate program, or those who are qualified for graduate study in business. Students completing the Executive concentration coursework are eligible to receive a certificate prior to completing their degree program.

The **Doctoral Program** continues the specialization and concentration of study which started with the Master's degree. The basic objective is twofold:

- 1) to gain additional specialization and competence in the field of study; and
- 2) demonstrate the ability to do professional level research.

The basic philosophy of the program is that the student is professionally oriented and possesses the intellectual ability to understand and integrate information for purposes of research, planning and managing in the business world. The program is designed to develop these abilities to the fullest potential.

### BACHELOR OF BUSINESS ADMINISTRATION

**I. PREREQUISITES:** High school graduation or equivalent, or demonstrate the ability to succeed in undergraduate study.

**II. PROGRAM REQUIREMENTS:** 180 units are required for graduation. Comprehensive evaluation and counseling are most important at this degree level.

A minimum of 180 quarter units are required for graduation, including a minimum of 45 quarter units of study applicable to the General Education Requirement, including the prescribed number of units, in the areas of English, (10 quarter units); Natural Science, (5 quarter units); Mathematics, (10 quarter units); Humanities, (10 quarter units); Social Science, (10 quarter units) or equivalent (See Page 1)

The student must complete a minimum of 45 units while enrolled at Newport International University.

<b>Core Courses:</b>	<b>Units</b>
BUS 401 Introduction to Business	(5)
BUS 403 Principles of Accounting	(5)
BUS 407 Macroeconomics	(5)
BUS 410 Organization & Management Theory	(5)
BUS 411 Principles of Marketing	(5)
BUS 416 Consumer Behavior	(5)
BUS 418 Principles of Management	(5)
BUS 499 Senior Paper / Project	(10)
<b>Electives:</b>	<b>Units</b>
BUS 402 Personnel Management	(5)
BUS 404 Business Law	(5)
BUS 405 Computer Methods in Business	(5)
BUS 406 Microeconomics	(5)
BUS 408 Business Finance	(5)
BUS 409 Behavioral Science for Business	(5)
BUS 412 Research & Quantitative Methods	(5)

BUS 413	Ethics & Social Issues in Business	(5)
BUS 414	Organization Development	(5)
BUS 494	Directed Study	(5)
BUS 495	Independent Research and Presentation	(5)

Courses may be selected from the Master of Business Administration list with permission of the Faculty. Courses used to complete requirements for the Bachelor's degree cannot be applied to requirements for the Master's degree.

**MASTER OF BUSINESS ADMINISTRATION**

**I. PREREQUISITES:**

Bachelor's Degree in Business Administration or related field from an acceptable institution.

**II. PROGRAM REQUIREMENTS:** The Master's Program requires 45 units above the Bachelor's level. The student must complete a minimum of 35 units while enrolled at Newport International University.

**III. ELECTIVES:** Students may choose electives from the Electives List under Doctor of Business Administration on page 21 with faculty permission or from those offered in the Executive Concentrations. Courses used to complete requirements for the Master's degree cannot be applied to the Doctoral Degree.

Core Courses:	Units
BUS 504 Management Finance	(5)
BUS 510 Marketing Management	(5)
BUS 514 Human Resources Management	(5)
BUS 522 Business Strategy & Policy	(5)
BUS 696 Project	(5)

Electives

BUS 598 Thesis I	(5)
BUS 599 Thesis II	(5)

**EXECUTIVE CONCENTRATIONS**

Program Requirements:

The MBA program with the Executive Concentration requires 20 units in the area of concentration above the core requirements of the MBA program. Requests for admission into the MBA program with Executive Concentration shall be made at the initial application process.

Following the satisfactory completion of the MBA program with the Executive Concentration, the student will be awarded a degree.

**AREAS OF CONCENTRATION:**

1. Total Quality Management.
2. Environmental Management.
3. International Trade and Commerce.

**TOTAL QUALITY MANAGEMENT:**

Whether you work in a manufacturing or service organization, providing the highest quality products in a

timely manner at a competitive cost is the basis for ongoing global success. This program is designed to provide you with not only the tools and techniques necessary for TQM transformation, but also specific, proven strategies for success. The program culminates with the student conducting a TQM intervention in an applied environment.

Required Courses: 20 Units

TQM 630	Philosophies and Concepts of Total Quality Management and Lean Manufacturing	(5)
TQM 631	Problem Solving and Statistical Process Control	(5)
TQM 632	Methodologies of Defect Prevention, Cycle Time Reduction, and Work Standardization	(5)
TQM 633	Applied Dynamics of Teams, Employee Empowerment, and Culture Change	(5)

**ENVIRONMENTAL MANAGEMENT:**

A program designed for those students who wish actively protect the limited resources of the planet by maximizing the efficiency of the use of natural resources, thereby minimizing the negative effects of contemporary needs in a finite ecosystem. Students will learn effective methods of utilizing existing technologies and will be introduced to the search for alternative technologies necessitated by future demands placed upon the planet by developing societies.

Required Courses: 20 Units

EM 601	Environmental Law and Policy	(5)
EM 602	Hazardous Waste Management	(5)
EM 603	Solid Waste Management	(5)
EM 604	Applied Hydrology	(5)

**INTERNATIONAL TRADE AND COMMERCE:**

The program in International Business is the result of Newport International University's Global Education System. The experiences of the University Administration has provided the University practical knowledge of what it means to function in a global society. Newport International University students have the unique ability to network with students and alumni from every part of the world. In this way the student of Newport International University is provided the opportunity to become involved in international business and education in a highly personal manner.

Required Courses: 20 Units

BUS 651	Introduction to International Business	(5)
BUS 652	International Marketing	(5)
BUS 653	Multinational Business Finance	(5)

BUS 629 Management Practice for the International Institution (5)

**DOCTOR OF BUSINESS ADMINISTRATION**

**I. PREREQUISITES:**

Master's Degree in the appropriate field from an acceptable institution.

**II. PROGRAM REQUIREMENTS:** The Doctoral program requires 105 quarter units above the Bachelors. Students who select the optional PhD in Business Administration must complete a Dissertation as part of the Doctoral program.

**Core Courses:**

	<b>Units</b>
BUS 702 Principles of Corporate Leadership	(5)
BUS 706 Advanced Economic Analysis	(5)
BUS 709 Research Methods in Business Adm.	(5)

**Electives:**

	<b>Units</b>
BUS 601 Advanced Personnel Management	(5)
BUS 604 Institutional Planning	(5)
BUS 610 Institutional Finance	(5)
BUS 612 Economics & Public Policy	(5)
BUS 616 Advanced Quantitative Methods	(5)
BUS 617 Cost Accounting	(5)
BUS 618 Business Planning	(5)
BUS 619 Rational Management	(5)
BUS 620 Managerial Accounting	(5)
BUS 621 Management Practice & Organizational Behavior	(5)
BUS 622 Advanced Managerial Economics	(5)
BUS 623 Industry Economic Analysis	(5)
BUS 624 Organization Design	(5)

BUS 684 Managing Information Technology	(5)
BUS 688 Administrative Policy & Administration	(5)
BUS 694 Directed Stud	(5)
BUS 695 Independent Research & Presentation	(5)
BUS 696 Project	(5)
BUS 797* Dissertation I (Ph.D Only)	(5)
BUS 798* Dissertation II (Ph.D Only)	(15)
BUS 799* Dissertation III (Ph.D Only)	(5)

• Graduate Committee Fee May Be Required

**SCHOOL OF EDUCATION**

**DEGREES OFFERED:**

- Bachelor of Science in Education
- Master in Education
- Doctor of Education
- Optional Doctor of Philosophy in Education

**THE PROGRAM:**

The Philosophy of the Newport International University School of Education is incorporated into the University philosophy. It includes the need to encourage professionals to meet their degree objectives while actively pursuing their careers. It further meets the needs of society to upgrade the quality of the career educators. Each course is designed with measurable objectives as rigorous as found in major traditional universities. By meeting each stated objective, the degree candidate will demonstrate those vital skills that contribute to a successful career in research, organization, composition, analysis and presentation. The overall program includes flexibility so that the candidate can proceed at a pace compatible with his life style and professional workload. It is the goal of the School of Education to equip educators of the many institutions, throughout the world, with the skills and knowledge to meet the challenges of the next century. With technology, psychology, sociology, history and science, all focusing light upon the new world, educators have to bridge the gap between the learners and the learned.

**ASSOCIATE IN ARTS**

**THE PROGRAM:**

The objective of the A.A. program is to provide the student with a broad academic background by introducing a selection of courses from the humanities, the life sciences, the social sciences, and the economics disciplines. With these introductory courses, the students will be better prepared to select the upper division and graduate programs they wish to pursue.

A minimum of 90 quarter units are required for graduation, including a minimum of 45 quarter units of study applicable to the General Education Requirement, including the prescribed number of units, in the areas of English, (10 units); Natural Science, (5 units); Mathematics, (10 units); Humanities, (10 units); Social Science, (10 units).

The student must complete a minimum of 25 units while enrolled at the University.

**PART I REQUIRED COURSES:**

	<b>Units</b>
Two courses:	
GE 100 English Grammar	(5)
GE 103 Written and Oral Communication	(5)

**PART II NATURAL SCIENCE:**

	<b>Units</b>
Select one course (5 quarter units) from the following:	
GE 122 Principles of Geology	(5)
GE 123 Introduction to Physics	(5)
GE 124 General Science	(5)
GE 130 Introduction to Engineering	(5)

<b>PART III SOCIAL SCIENCE:</b>	<b>Units</b>
Plus two (2) five-unit courses from the following:	
GE 140 Introduction to Anthropology	(5)
GE 141 General Geography	(5)
GE 142 Introduction to Political Science	(5)
GE 143 Basic Psychology	(5)
GE 144 Social Science	(5)
GE 145 Introduction to Sociology	(5)
GE 170 U.S. History	(5)
GE 171 U.S. Constitution	(5)

<b>PART IV HUMANITIES:</b>	<b>Units</b>
Select two courses (10 quarter units) from the following:	
GE 150 Introduction to Art	(5)
GE 151 Religions of the World	(5)
GE 152 Introduction to History	(5)
GE 153 Introduction to Literature	(5)
GE 154 Introduction to Music	(5)
GE 155 Introduction to Philosophy	(5)
GE 156 Basic Speech	(5)

<b>PART V MATHEMATICS:</b>	<b>Units</b>
Select two courses (10 quarter units) from the following:	
GE 160 Pre-Analytical Mathematics	(5)
GE 161 Introduction to Statistics	(5)
GE 162 Introduction to Computer Sciences	(5)

<b>PART VI GENERAL ELECTIVES:</b>	
GE 101 English Composition	(5)
GE 180 Basic Accounting	(5)
GE 172 American Government	(5)
GE 181 Introduction to Economics	(5)
Plus elective lower division courses. (Upper division courses may be selected with permission of faculty advisor.)	

### BACHELOR OF SCIENCE IN EDUCATION

**I. PREREQUISITES:** High school graduation or equivalent, or demonstrate the ability to succeed in undergraduate study at the bachelors level.

**II. PROGRAM REQUIREMENTS:** A minimum of 180 quarter units are required for graduation, including a minimum of 45 quarter units of study applicable to the General Education Requirement, including the prescribed number of units, in the areas of English (10 quarter units); Natural Science, (5 quarter units); Mathematics (10 quarter units); Humanities (10 quarter units); Social Science, (10 quarter units); or equivalent (See Page 1) The student must complete a minimum of 45units while enrolled at Newport International University .

<b>Core Courses:</b>	<b>Units</b>

EDU 798*	Doctoral Project II (Collation of Data)	(15)
EDU 799*	Doctoral Project III (Completed & Submitted for Binding)	(5)

\* Graduate Committee Fee May Be Required

## SCHOOL OF BEHAVIORAL SCIENCES

### THE SCHOOL:

Within the School of Behavioral Science are two departments and seven separate programs. Included in these programs are Human Behavior, Counseling Psychology and Psychology.

### DEPARTMENTS:

- Human Behavior
- Psychology

## DEPARTMENT OF HUMAN BEHAVIOR

### THE PROGRAM:

The Department of Human Behavior offers a comprehensive interdisciplinary program designed to provide the student with fresh knowledge and understanding of human behavior as viewed from a psychological, sociological, and educational vantage point. The programs are based on the philosophy that human behavior is an open system, constantly evolving in its dynamics and multi-dimensionality as a response to ecological, socio-cultural and philosophical, as well as scientific changes. As such, human behavior is deserving of a global approach to study. Inherent in the program, is the objective of providing the students with those educational and research activities which are conducive to the enhancement of self-growth as related to better understanding of human factors prevailing in our present world. Human Behavior programs can be viewed as a catalyst through which a person can learn to be a better human being in terms of becoming more aware of, and sensitive to his fellow man, society and culture, with due respect for a humanistic world view.

At the Bachelor's level, the program addresses the basics in man's attempts at knowing himself as a biological masterpiece affected by socio-cultural, philosophical, psychological and educational factors as s/he dynamically passes through different developmental stages. The students enrolled in this program become familiar with the theoretical and empirical development in psychosocial fields with due attention paid to the philosophical and existential aspects of man's life around the world. In addition, the program also prepares the students for further academic exploration and achievement at advanced levels.

The graduate programs in Human Behavior address themselves to man's understanding about man. These programs are so designed as to be futuristic in orientation while rooted in history. Irrelevant of geographical boundaries, the goals and aspirations of these programs are based on these assumptions: that man is a dynamic biosocial being, constantly subjected to the man-made, as well as natural, evolutionary process; that man is potentially capable of understanding himself, others and his environment with the aid of an interdisciplinary and comprehensive body of knowledge; that man, equipped with such knowledge, can be instrumental in bringing about positive changes, not only in his environs, but also in himself and his fellow man; that man's self-actualization and transcendence are attainable through his benevolent creativity and his practice of life-affirming value systems which are respectful toward man's existence with no reference to color, race, nationality and cultural heritage. The analytic review of knowledge, based upon the above assumptions, thus far accumulated, constitutes the core subject matter of these programs.

The actualization of philosophical aspirations and the attainment of objectives of the Department of Human Behavior become evident in the action-oriented programs, which are geared toward the following goals: to aid the student in growing along with the growth in the field of human knowledge and understanding; to assist the student in acquiring the knowledge necessary for playing his role in facilitating positive changes in his socio-cultural environment; to assist the student in gaining a better insight into his own potential and thus develop such potential toward a more self-actualizing level; to aid the student in developing an interest and research capability into a unique exploratory project worthy of publication in scientific journals.

### DEGREES OFFERED:

- Bachelor of Arts in Human Behavior
- Master of Arts in Human Behavior
- Doctor of Philosophy in Human Behavior

### BACHELOR OF ARTS IN HUMAN BEHAVIOR

**I. PREREQUISITES:** High school graduation or equivalent, or demonstrate the ability to succeed in undergraduate level study.

**DEPARTMENT OF PSYCHOLOGY**

**THE PROGRAM:**

The programs offered in the Department of Psychology are designed for self-motivated students who wish to engage in a problem centered approach to learning and to integrate personal development with their professional training. The curriculum fosters development of the analytical skills needed to understand complex human processes such as motivation, creativity, achievement, decision making, leadership, and integration of personal and social values.

The **Master of Arts in Psychology** program is designed to teach the student how to interact with people as a health care professional. The basic goal of the program is to equip professionals with sufficient self-knowledge, skill and flexibility to adapt to new situations and create new professional forms to fit current and future social needs. The Master of Arts in Psychology is considered a non-terminal degree as it is generally the foundation for further study in Psychology.

The Master of Arts Program in Counseling Psychology is designed to give the student a firm foundation in the field of Counseling and prepare the student to be a professional in this discipline, as well as prepare the student for postgraduate study.

The **Doctor of Psychology** program is designed to train the student as an independent health care professional. The program is heavily oriented to the development of skills training, while not sacrificing a firm knowledge base. The Doctor of Psychology in Counseling program is designed for Professionals who have the desire or need for the post-graduate degree for either personal or professional advancement.

**DEGREES OFFERED:**

- Master of Arts in Psychology
- Master of Arts in Counseling Psychology
- Doctor of Philosophy in Counseling Psychology

Doctor of Psychology  
 Optional Doctor of Philosophy in Psychology

PSY 708	Psychopharmacology	(5)
PSY 709	Systems of Psychotherapy	(5)
PSY 715	Clinical Psychology	(5)

**MASTER OF ARTS IN PSYCHOLOGY**

**I. PREREQUISITES:**

Bachelor's Degree in Psychology, Human Behavior or related field from an acceptable institution.

**II. PROGRAM REQUIREMENTS:**

The M.A. degree in Psychology is a 45 quarter units program. This degree is not a terminal degree and students are admitted into this program as the first phase of their graduate program in Psychology. The University also accepts students into this program, who are not interested in advance graduate education, but would like to increase their knowledge of the Field of Psychology.

The student must complete a minimum of 35 quarter units while enrolled at Newport International University.

<b>Core Courses:</b>	<b>Units</b>
PSY 503 Physiological Psychology	(5)
PSY 504 Human Sexuality	(5)
PSY 505 Statistical Methods	(5)
PSY 508 Professional Ethics and Laws	(5)
PSY 510 Experimental Design & Research Methodology	(5)

**Electives:**

PSY 501 Learning Theories	(5)
PSY 502 Human Biological, Psychological & Sociological Development	(5)
PSY 506 Psychological Test & Measurements	(5)
PSY 507 Psychopathology I	(5)
PSY 515 Theories of Personality	(5)
PSY 599 Independent Research	(5)
PSY 600 Marital Therapy	(5)
PSY 601 Family Therapy	(5)
PSY 603 Cross-cultural Mores and Values	(5)

**DOCTOR OF PSYCHOLOGY**

**I. PREREQUISITES:**

M.A. in Psychology from an acceptable institution, including;\*

- PSY 503 Physiological Psychology
- PSY 504 Human Sexuality
- PSY 505 Statistical Methods
- PSY 508 Professional Ethics and Laws
- PSY 510 Experimental Design and Research Methodology

**II. PROGRAM REQUIREMENTS:** The Doctor of Psychology program is a 105 quarter unit program. 45 of the 105 units required are completed in the M.A. program. Students who select the optional Ph.D. in Psychology must complete a Dissertation as part of the Doctoral Program.

<b>Core Courses:</b>	<b>Units</b>
PSY 702 Psychological Assessment I	(5)
PSY 704 Psychopathology II	(5)

**Electives:**

	<b>Units</b>
PSY 501 Learning Theories	(5)
PSY 502 Human Biological, Psychological & Sociological Development	(5)
PSY 506 Psychological Tests & Measurements	(5)
PSY 507 Psychopathology I	(5)
PSY 515 Theories of Personality	(5)
PSY 599 Independent Study	(5)
PSY 600 Marital Therapy	(5)
PSY 601 Family Therapy	(5)
PSY 603 Cross-cultural Mores and Values	(5)
PSY 607 Child Psychotherapy	(5)
PSY 612 Alcohol and Drug Abuse Counseling	(5)
PSY 613 Child Abuse: Assessment and Treatment	(5)
PSY 700 Principles of Behavior Modification	(5)
PSY 701 Test Construction	(5)
PSY 706 Social Psychology	(5)
PSY 707 Industrial/Organizational Psychology	(5)
PSY 710 Techniques of Group Therapy	(5)
PSY 712 Alcohol & Drug Abuse Counseling	(5)
PSY 713 Child Abuse Assessment, Treatment & Prevention	(5)
PSY 714 Clinical Child Psychology	(5)
PSY 716 History & Systems of Psychology	(5)
PSY 717 School Psychology	(5)
PSY 718 Behavioral Medicine	(5)
PSY 719 Psychology of Aging	(5)
PSY 720 Community Psychology	(5)
PSY 723 Addictive Behavior; Treatment	(5)
PSY 724 Mental Retardation	(5)
PSY 727 Forensic Psychology	(5)
PSY 795 Independent Study	(5)
PSY 797 Dissertation I	(5)
PSY 798 Dissertation II	(15)
PSY 799 Dissertation III	(5)

**MASTER OF ARTS IN COUNSELING PSYCHOLOGY**

**I. PREREQUISITES:**

Bachelor's Degree in Psychology, Human Behavior or related field from an acceptable institution.

**II. PROGRAM REQUIREMENTS:** The M.A. in Counseling is a 45 quarter unit program designed to give the student a firm foundation in the field of Counseling and prepare the student for postgraduate study in the Doctor of Philosophy in Counseling Psychology Program.

The student must complete a minimum of 35 units while enrolled at Newport International University.

<b>Core Courses:</b>	<b>Units</b>
PSY 503 Physiological Psychology	(5)
PSY 504 Human Sexuality	(5)
PSY 505 Statistical Methods	(5)
PSY 509 Professional Ethics and Laws for the Professional Counselor	(5)
PSY 602 Human Communication	(5)

**Electives:**

See electives list under Master of Arts in Psychology

### DOCTOR OF PHILOSOPHY IN COUNSELING PSYCHOLOGY

#### I. PREREQUISITES:

Master of Arts in Counseling Psychology from an acceptable institution, including Core Courses listed under Master of Arts in Counseling Psychology or equivalent.

#### II. PROGRAM REQUIREMENTS:

The Doctor of Philosophy in Counseling Psychology program is a 105 quarter unit program designed to give the student a firm foundation in the field of Counseling. 45 of 105 units are completed in the M.A. in Counseling Psychology program,

Core Courses:	Units
PSY 704 Psychopathology II	(5)
PSY 710 Techniques of Group Therapy	(5)
PSY 732 Psychotherapy with the Gay and Lesbian Client	(5)
PSY 797* Dissertation I (Ph.D. Only)	(5)
PSY 798* Dissertation II (Ph.D. Only)	(15)
PSY 799* Dissertation III (Ph.D. Only)	(5)

Graduate Committee Fee, May Be Required

## SCHOOL OF RELIGION

#### DEGREES OFFERED:

- Master of Arts in Religion
- Doctor of Philosophy in Christian Studies

#### THE PROGRAM:

The School of Religion offers two degrees in Religion. A Master of Arts Degree in Religion and a Doctor of Philosophy in Christian Studies. Admission to these programs should be sought through the University Admissions Office. Newport International University's programs in Religion and Christian Studies are intended to further prepare leaders of their respective denominations.

#### MASTER OF ARTS IN RELIGION

The M.A. degree is the basic graduate academic and professional degree. This Program prepares the student for continued study at the postgraduate level.

#### I. PREREQUISITES:

Bachelor's of Arts or Science Degree from an acceptable institution, or the equivalent of such.

**II. PROGRAM REQUIREMENTS:** The M.A. degree requires the successful completion of 60 units of graduate study in Religion.

Core Courses	60 Units
REL 501 Introductory Survey of the Bible	(5)
REL 502 Biblical Theology	(5)

REL 503	Old Testament History	(5)
REL 504	New Testament History and the Church	(5)
REL 505	Introduction to Biblical Languages	(5)
REL 506	Bible Interpretation	(5)
REL 511	Leadership in the Church	(5)
REL 512	Worship in Human Experience	(5)
REL 513	Comparative Religions and the Christian Faith	(5)
REL 514	Defense of the Christian Faith	(5)
REL 515	Church Care	(5)
REL 516	Applied Theology	(5)

### DOCTOR OF MINISTRY

The Doctor of Ministry degree is an advanced program of study, preparing the individual for leadership in a variety of institutions.

#### I. PREREQUISITES:

An individual is eligible for admission into the doctoral program upon meeting the following criteria:

1. A Master's Degree from an acceptable institution.
2. A total of Seven (7) years of occupational experience in an academic or career related field; and,
  - a. A maximum of 60 quarter units at the graduate level from an acceptable institution.
  - b. The equivalence of 60 quarter units of graduate work, as determined by an in-depth evaluation, conducted by Newport International University of formal education, life learning experience and specialized training.

**II. PROGRAM REQUIREMENTS:** The Doctoral Degree requires the student to earn 130 quarter units above the Bachelor's Degree. 60 units are completed in the Master of Arts in Religion Program.

Core courses	70 Units
REL 601 Systematic Theology	(5)
REL 602 Applied Theology II	(5)
REL 603 Contemporary Theology	(5)
REL 611 Selected Biblical Exposition	(5)
REL 612 Biblical Languages	(5)
REL 621 Hermeneutics	(5)
REL 622 Homiletics	(5)
REL 623 Law and the Church	(5)
REL 624 Evangelism	(5)
REL 797* Doctoral Project 1	(5)
REL 798* Doctoral Project II	(10)
REL 799* Doctoral Project III	(5)

\* Graduated Committee Fee Required

## SCHOOL OF ENGINEERING & TECHNOLOGY

#### DEGREES OFFERED:

- Bachelor of Science in Engineering
- Master of Science in Engineering
- Bachelor of Science in Computer Science
- Master of Science in Computer Science

#### THE PROGRAM:

The primary objective of the Engineering & Technology program is to fulfill the increasing demands of this technological industry. This program is designed for self-

motivated individuals who wish to engage in a degree program or take individual courses for further career advancement. The degrees offered equip the graduate with the expertise needed to fill a wide range of positions.

The Bachelor of Science Degree in Engineering has been designed to provide a structured scientific and engineering education for those individuals who wish to practice engineering. The program affords the engineering student the opportunity to study and learn those basic subjects common to all engineering programs, science, mathematics, etc., and select areas of concentration.

At the graduate level, research and education go hand-in-hand. Recognizing the continuing demand for pioneering technology while responding to the new need for an understanding of broad interactions, two basic tracks are provided. Some students may be interested in physical processes or in the analysis and design of component facilities and hence, work in a fundamental area such as soil, water or structures. Others may study the planning, design, construction and operations of large scale systems of facilities in fields such as transportation, water resources and other public services or computer oriented fields.

#### BACHELOR OF SCIENCE IN ENGINEERING

**I. PREREQUISITES:** Acceptance into the engineering program is contingent upon possession of a high school diploma and prior work experience as a practical, technical engineer.

**II. PROGRAM REQUIREMENTS:** 180 units are required for graduation, including units of study applicable to the General Education Requirement, including the prescribed number of units, in the areas of English, (10 units); Natural Science, (10units); Mathematics, (10 units); Humanities, (10 units); Social Science, (10 units), or equivalent .

The Bachelor of Science in Engineering program is composed of two levels: Engineering Core Part I (75 units required) and your area of concentration Part II (15 units required). The student must complete a minimum of 45 units while enrolled at the University.

#### PART I

<b>Core Courses:</b>	<b>Units</b>
GEE 102 Mathematics I Calculus I (Differentiation)	(5)
GEE 103 Mathematics II Calculus II (Integration)	(5)
GEE 104 Mathematics III Calculus III (Series)	(5)
GEE 105 Physics I with Calculus (Mechanics of Motion)	(5)
GEE 106 Physics II with Calculus (Electricity and Magnetism)	(5)
GEE 107 Physics III with Calculus (Heat, Light and Nuclear Physics)	(5)
GEE 108 Mechanics 1 – Statics	(5)
GEE 109 Mechanics 11 - Dynamics	(5)
GEE 110 FORTRAN and Structured Programming	(5)
GEE 203 Engineering Mechanics and Strength of Materials	(5)
GEE 205 Applied Thermodynamics	(5)
GEE 206 Elements of Electrical Engineering and Electronics	(5)
GEE 207 Engineering Drawing	(5)

GEE 208	Material Science and Processes	(5)
GEE 209	Engineering Economics	(5)

#### PART II

**Areas of Concentration:** **Units**  
Select the three (3) courses from your area of concentration:

##### CIVIL ENGINEERING

CE 302	Construction and Foundation Engineering	(5)
CE 303	Fluid Mechanics	(5)
CE 304	Surveying	(5)

##### ELECTRICAL ENGINEERING

EE 321	Electromagnetic Theory	(5)
EE 322	Electrical Measurements	(5)
EE 323	Electrical Machines	(5)

##### MECHANICAL ENGINEERING

ME 341	Dynamics of Machinery	(5)
ME 342	Thermal Engineering	(5)
ME 343	Fluid Mechanics	(5)

##### ELECTRONICS AND COMMUNICATIONS

EC 361	Pulse and Digital Circuits	(5)
EC 362	Communication Engineering	(5)
EC 363	Electrical and Electronic Measurement	(5)

#### MASTER OF SCIENCE IN

#### ENGINEERING

##### I. PREREQUISITES:

Bachelor's Degree in Engineering or related field from an acceptable institution.

##### II. PROGRAM REQUIREMENTS:

The Master's Program requires 45 quarter units above the Bachelor's level. The student must complete a minimum of 35 units while enrolled at Newport International University. The Master of Science in Engineering program is composed of two levels: Engineering Core Part I (20 units required) and your area of concentration Part II (25 units required).

#### PART I

<b>Core Courses:</b>	<b>20 QU</b>	<b>Units</b>
GEE 501 Advanced Engineering Mathematics I		(5)
GEE 502 Advanced Engineering Mathematics II		(5)
GEE 510 Numerical Methods		(5)
GEE 511 Master's Project		(5)

#### PART II

**25 QU** **Units**  
Select six (6) courses from your area of concentration:

Areas of concentration:

##### CIVIL ENGINEERING

CE 501	Theory of Structures	(5)
CE 505	Structural Design	(5)
CE 506	Public Health Engineering	(5)
CE 507	Water Resources Engineering	(5)
CE 508	Prestressed Concrete	(5)
CE 509	Irrigation & Hydraulic Structures	(5)
CE 510	Town Planning & Architecture	(5)

##### ELECTRICAL ENGINEERING

EE 524	Network Analysis	(5)
EE 525	Electrical Design	(5)
EE 526	Utilization of Electrical Power	(5)
EE 527	Advanced Electrical Machines	(5)

EE 528	Power Plant System Design	(5)
EE 529	High Voltage Engineering	(5)
EE 530	Instrumentation	(5)

**MECHANICAL ENGINEERING**

ME 544	Production Technology	(5)
ME 545	Mechanical Engineering Design	(5)
ME 546	Refrigeration & Air-Conditioning	(5)
ME 547	Machine Tool Engineering	(5)
ME 548	Agricultural Engineering Equipment	(5)
ME 549	Management Science	(5)
ME 550	Industrial Engineering	(5)

**ELECTRONICS & COMMUNICATIONS ENGINEERING**

EC 564	Circuit Theory	(5)
EC 565	Electronic Devices & Circuits	(5)
EC 566	Broadcast & Television Engineering	(5)
EC 567	Microwave Engineering	(5)
EC 568	Computer Engineering	(5)
EC 569	Industrial Electronics	(5)
EC 570	Technology of Electronic Devices	(5)

**MASTER OF SCIENCE IN**

**COMPUTER SCIENCE**

**I. PREREQUISITES:**

Bachelor's Degree in Computer Science or related field.

**II. PROGRAM REQUIREMENTS:** This program requires 45 quarter units above the Bachelor's level. The student must complete a minimum of 35 units while enrolled at Newport International University. The Master of Science in Engineering is composed of two levels: Engineering core Part I (15 units required) and elective courses Part II (30 units required).

<b>Prerequisite Courses:</b>	<b>Units</b>
CSE 372 Structure Programming and Design	(5)
CSE 373 Computer Hardware and Organization	(5)
CSE 374 Probability and Statistics for Computer Science	(5)
CSE 375 Discrete Mathematics	(5)

**PART I**

<b>Core Courses:</b>	<b>15Units</b>
CSE 571 Operating System elements	(5)
CSE 573 Data Structures	(5)
CSE 574 Computer System Architecture	(5)

**PART II**

<b>Elective Courses:</b>	<b>30 Units</b>
CSE 570 Data Communication	(5)
CSE 572 Advanced Operating System Concepts	(5)
CSE 575 Expert Systems	(5)
CSE 576 Programming Language Landscape	(5)
CSE 577 Software Engineering	(5)
CSE 578 Systems Programming	(5)
CSE 579 Advanced Programming	(5)
